Manvel Mustang Parents,

If you haven't yet added the **PowerSchool Mobile app** to your mobile device, I've added some directions below to get you going.

PowerSchool Mobile gives parents and students access to real-time information including attendance, grades, and assignments. Students can keep up with assignments, parents can track their child's progress, and teachers can more easily share information about student progress with parents and students.

Using a single login, families with multiple children have the ability to set up their accounts to view all of their children. Access to the parent portal is currently available for students of all grade levels.

*Here are some directions to get you started:

Step 1: Contact the MPS Office or Mr. Grosskreutz

Mrs. Nowatzki, Mrs. Braaten or Mr. Grosskreutz will be happy to provide you with a letter that includes information about how to access the portal and also provides you with your & your child's access IDs (usernames) and passwords.

Step 2: Create your parent account

Use the information provided in the letter to create your parent account. You can create the account by visiting the MPS website at **www.manvel.k12.nd.us** & clicking the PowerSchool button located in the "Popular Links" section above the calendar.
